LETTER OF TRANSMITTAL

OFFICE OF PUBLIC SERVICE COMMISSION

*To His Excellency, Robert E. McNair, Governor of South
Carolina:*

Sir:

We have the honor to transmit herewith the Ninety-First Annual Report of the Public Service Commission of South Carolina for the year ending June 30, 1969.

Yours respectfully,

ARTHUR D. AMICK, Chairman

GUY BUTLER, Vice-Chairman

ANNUAL REPORT OF THE PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

To the General Assembly of South Carolina:

The Public Service Commission has the honor to respectfully submit for your consideration this its Ninety-First Annual Report.

Below is the personnel of the present Commission and the Counties comprising the seven districts.

Sixth District

John J. Snow Hemingway, S. C.
Darlington, Dillon, Florence, Georgetown, Horry, Marion,
Marlboro, Williamsburg

Seventh District

Edward Wimberly St. Matthews, S. C.
Calhoun, Lee, Lexington, Orangeburg, Richland, Sumter

First District

Clyde F. Boland Charleston, S. C.
Berkeley, Charleston, Clarendon, Colleton, Dorchester

Second District

Arthur D. Amick, Chairman Batesburg, S. C.
Aiken, Allendale, Bamberg, Barnwell, Beaufort, Edgefield,
Hampton, Jasper, Saluda

Third District

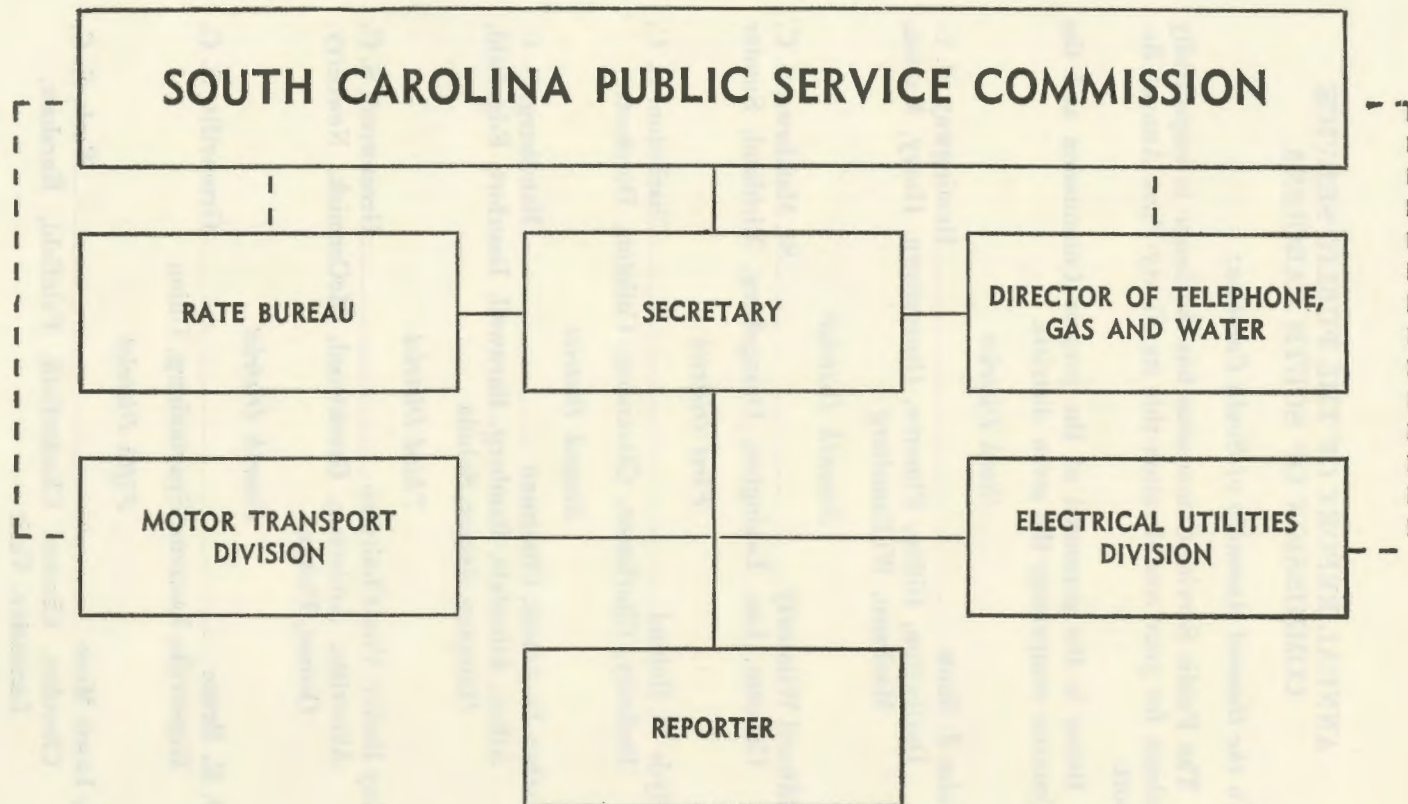

Guy Butler, Vice-Chairman Greenwood, S. C.
Abbeville, Anderson, Greenwood, McCormick, Newberry,
Oconee, Pickens

Fourth District

O. E. Bruce Greenville, S. C.
Greenville, Laurens, Spartanburg, Union

Fifth District

J. Lewis Moss York, S. C.
Cherokee, Chester, Chesterfield, Fairfield, Kershaw,
Lancaster, York

Expenditures for maintenance of way and structures reported by the South Carolina Road for the year 1908, indicate that the railroads serving the State are maintaining and improving in serviceable condition. The principal items expended substantial sums for track material, ballast, and for track laying and

This report is divided into four sections as follows:

PART I—Railroad and Express Companies, Freight and Express Rates, Motor Carrier Rates.

PART II—City Bus Transportation, Gas Utilities, Telegraph Companies, Telephone Companies, Water Utilities.

PART III—Motor Transport Division.

PART IV—Electrical Utilities Division.

RAILROAD ABANDONMENTS AND EXTENSIONS

In January 1908, the Interstate Commerce Commission reported abandonment of 747 miles of road of the Southern Railway Company, and the extension of 1,000 miles of the same company. With the merger of the former Atlantic Coast Line and the former Piedmont Air Line into the Southern Railway Company, the

Part I

RATE BUREAU

PHYSICAL CONDITION OF RAILROADS

Expenditures for maintenance of way and structures, reported by the South Carolina lines for the year 1968, indicate that the railroads serving the State are maintaining such properties in serviceable condition. The principal lines expended substantial sums for track materials, ballast, and for track laying and surfacing. They installed 38,748 tons of new 132 pound rail, and 2,302,714 new treated wooden ties. Also installed during the year were 10,313 concrete ties. The smaller lines reported expenditures in this field apparently sufficient to maintain their roads in satisfactory condition to accommodate the traffic handled over them.

NEW EQUIPMENT

During 1968 the principal rail lines serving the State installed in service additional new equipment units. The Clinchfield installed 1 new diesel locomotive, 15 general service box cars, and 2 covered hoppers. The Seaboard Coast Line installed 25 new diesel locomotives, 738 general service box cars, 370 special service gondolas, 398 open top hoppers for general service, and 180 special service open top hoppers. The Southern Railway Company installed 30 diesel locomotives, 4,789 general service box cars, 84 special service box cars, 1,575 general service gondolas, 314 general service open top hoppers, 59 covered hoppers, and 278 special service flats. Some of the new equipment installed in service was leased equipment, while other units were purchased outright by the lines.

RAILROAD ABANDONMENTS AND EXTENSIONS

In Finance Dockets Nos. 24959, 24960 and 24961, the Interstate Commerce Commission authorized abandonment of 7.47 miles of road of the Seaboard Coast Line Railroad Company, and its affiliates, between Bennettsville, S. C. and Gibson, N. C. With the merger of the former Atlantic Coast Line and the former Seaboard Air Line into the Seaboard Coast Line, an

alternate route between Bennettsville and Gibson was available via McColl.

RAILROAD MERGERS

In our last annual report we mentioned the pending application before the Interstate Commerce Commission in Finance Docket No. 24880 of the proposed merger of the Piedmont and Northern Railway Company into the Seaboard Coast Line Railroad Company. During the past year the ICC has approved the application in question and the merger was accomplished as of July 1, 1969.

RAILWAY OPERATING REVENUES, OPERATING EXPENSES, AND OPERATING RATIOS

For the year ending December 31, 1968, South Carolina rail lines reported their operating revenues, operating expenses, and operating ratios, resulting from their operations in state and interstate commerce, as follows:

Reporting Company	Railway Operating Revenues	Railway Operating Expenses	Operating Ratio
Carolina & Northwestern	\$ 4,212,304	\$ 2,632,830	62.50
Carolina Western	24,024	49,442	205.80
Clinchfield Railroad	30,328,254	18,593,006	61.31
Columbia, Newberry & Laurens	913,688	880,797	96.40
Georgia & Florida	2,317,968	2,260,666	97.53
Greenville & Northern	128,808	108,499	84.23
Hampton & Branchville	84,324	91,701	108.70
Lancaster & Chester	637,885	430,505	67.49
Pickens Railroad	37,589	81,605	224.42
Piedmont & Northern	6,693,736	3,703,728	55.33
Rockton & Rion *	33,175	33,396	100.67
Seaboard Coast Line	432,193,481	342,902,936	79.34
Southern Railway	342,432,820	239,526,906	69.95
Ware Shoals	65,928	51,791	78.56

* The Rockton & Rion is a common carrier by railroad in South Carolina intrastate commerce only.

The operating ratios are merely the percentage relationships of the operating expenses to the operating revenues.

RAILWAY TAX ACCRUALS

Railway tax accruals of the South Carolina rail lines for the year 1968, as set forth in their annual reports to the Commission, were as follows:

Railroad	Total Railway Tax Accruals	All U. S. Govt. Taxes	Other than U. S. Govt. Taxes	
			All States	S. C. Only
Car. & N. W. -----	\$ 593,855	\$ 479,476	\$ 114,379	\$ 28,003
Caro. Western -----	5,200	3,052	2,148	2,148
Clinchfield -----	2,974,893	1,578,458	1,396,435	55,359
C. N. & L. -----	82,337	38,365	43,972	43,909
Ga. & Fla. -----	323,445-R	382,827-R	59,382	4,392
Gr. & Nor. -----	10,798	7,924	2,874	2,874
H. & B. -----	13,105	8,913	4,192	4,192
L. & C. -----	130,020	112,801	17,219	17,219
Pickens -----	13,967	13,455	512	512
P. & N. -----	1,209,603	874,841	334,762	211,711
R. & R. -----	2,302	979	1,323	1,323
Seaboard C. L. -----	30,460,000	18,387,989	12,072,011	1,766,081
Southern -----	35,580,322	22,575,760	13,004,562	1,506,298
Ware Shoals -----	5,325	4,373	952	952

R — Denotes red figure.

The U. S. Government Taxes indicated income, old age retirement, unemployment insurance and other United States Taxes. The South Carolina taxes include income, property, sales, gross receipts and license taxes. The sums under "All States", in some instances, include nominal amounts paid to the Governments of Mexico and Canada, not here separated for lack of space.

RAIL INCOME

For the year ending December 31, 1968, seven (7) South Carolina rail lines reported deficits in "Net Railway Operating Income", and six (6) reported deficits in "Net Income after Fixed Charges and Other Deductions". Railway Operating Income is the result of operating the Company as a railroad, and reflects Railway Operating Income, less Railway Operating Expenses, less Railway Tax Accruals, plus or minus Net Rents from hire of freight cars, locomotives, etc., and joint facilities. Net Income After Fixed Charges and Other Deductions reflects Net Railway Operating Income, plussed-up by income from non-operating sources, less miscellaneous deductions from income, less fixed and contingent charges, and indicates corporate results. Non-operating income is mostly derived from such sources as interest on investments in securities, dividends from stock in other companies, and rentals of property owned

but not devoted to carrier services. These selected income account items for the various South Carolina lines for the year 1968 are summarized below, and the figures shown for each carrier are for its entire operations in both state and interstate commerce:

NAME OF REPORTING COMPANY	Net Railway Operating Income	Net Income After Fixed Charges & Other Deductions
Carolina & Northwestern	\$ 428,973	\$ 113,346
Carolina Western	33,623-D	32,899-D
Clinchfield Railroad	9,430,809	Note
Columbia, Newberry & Laurens	187,591-D	152,255-D
Georgia & Florida	46,849-D	27,833-D
Greenville & Northern	3,421-D	2,833
Hampton & Branchville	15,226-D	21,576-D
Lancaster & Chester	38,400	193,240
Pickens Railroad	64,149-D	99,871-D
Piedmont & Northern	1,028,067	1,103,306
Rockton & Rion*	3,675-D	5,041-D
Seaboard Coast Line	24,187,063	19,695,900
Southern Railway	46,036,516	34,142,764
Ware Shoals	4,985	2,985

D—Denotes deficit, or red figure.

*—Rockton & Rion is S. C. intrastate carrier only.

Note: The Clinchfield Railroad Company is the operating company for Lessees: Seaboard Coast Line Railroad Company and Louisville & Nashville Railroad Company. Its income after fixed charges and other deductions is transferred to lessees. Income Account for the Year 1968 shows \$5,929,481 as "Income Transferred to other Companies".

PASSENGER TRAIN SERVICE

During the past fiscal year, the Seaboard Coast Line Railroad Company filed appropriate pleadings with the Interstate Commerce Commission, under Section 13a(1) of the Interstate Commerce Act, to (1) discontinue the operation of its Trains Nos. 33 and 34 (The Silver Comet) between Birmingham and Atlanta, and (2) to discontinue the same train operations between Richmond and Atlanta. After the Birmingham operation was discontinued, Seaboard endeavored to improve the revenue situation of the trains by handling some TOFC traffic in the consist between Atlanta and Richmond, but found the increased costs associated with handling the TOFC traffic more than offset revenue improvement. Accordingly, a later proceeding was instituted looking toward discontinuing the service between Atlanta and Richmond. After a number of scheduled hearings along the route of the trains, the ICC ultimately authorized discontinuance.

The Southern Railway Company also filed appropriate pleadings with the ICC for authority to discontinue its Passenger Trains Nos. 27 and 28 (the Carolina Special) between Oakdale, Tennessee, and Columbia, South Carolina. Because

of light patronage and substantial losses from the operation, the Commission authorized the proposed discontinuance.

RATE APPLICATIONS

During the fiscal year ending June 30, 1969, the Commission's Rate Bureau processed 202 applications and matters of a similar nature relating to rail, express and motor carrier tariff changes, and rail and express services and facilities. Many of these matters were disposed of informally, on our informal docket procedure, but those which could not be so disposed of were transferred to the formal docket procedure for hearing and disposition.

Part II

CITY BUS TRANSPORTATION

The Public Service Commission has jurisdiction over city bus transportation where the bus service supersedes electric street railway transportation. This gives the Commission jurisdiction over city bus transportation in Anderson, Charleston, Columbia, Greenville and Spartanburg.

Gasoline and diesel buses are operated in South Carolina by the Duke Power Company at Anderson and Spartanburg, by the Greenville City Coach Lines, Inc., at Greenville, and by the South Carolina Electric and Gas Company at Charleston and Columbia.

During the year 1968, the above named bus companies transported 16,103,274 passengers as compared to 19,816,675 in 1967. This was a decrease of 3,713,401 passengers in 1968 compared to 1967. This is a reduction of passengers transported of approximately 64% since 1950.

During the fiscal year 1968-1969, a number of changes were made in bus routes and schedules in order to make the most economical use of the facilities of the various bus transportation companies operating in this State.

GAS UTILITIES

Natural gas is brought into South Carolina from the gas fields of Louisiana and Texas by the Transcontinental Gas Pipeline Company and the Southern Natural Gas Company. Transcontinental's pipeline passes through the upper part of the State, while Southern terminates at a point near Aiken, S. C. These two pipeline companies furnish gas in South Carolina from their facilities to the privately owned gas authorities and municipally owned systems.

The Federal Power Commission has jurisdiction of Transcontinental Pipeline Company and the Southern Natural Gas Company, thereby having control over the price of, and allocation of, natural gas brought into South Carolina.

During the year, the Commission participated in a number of proceedings before the Federal Power Commission in an effort to protect the interests of the people and the gas utilities operating in South Carolina.

Many communities in South Carolina are receiving natural gas service through facilities owned by municipalities, or gas authorities, over which the Commission has no jurisdiction.

The demand for natural gas service in the several cities in South Carolina has continued to increase and the privately owned gas utilities have been expanding their facilities accordingly to serve industry and other customers as fast as possible whenever feasible.

The average number of gas customers served by the privately owned gas utilities under the Commission's jurisdiction increased from 140,133 to 152,242 in 1968. This was an increase of 12,109 which reflects an increase of approximately 8.6%.

The total gross plant in service investment of all natural gas utilities operating under the jurisdiction of this Commission was \$121,294,920 for the year 1968 as compared to \$109,964,541 for 1967. This reflects an increase of approximately 10.3%.

A number of complaints were received by the Commission as to the service and charges from customers of the gas companies which were handled informally during the fiscal year 1968-1969.

TELEGRAPH COMPANY

The Western Union Telegraph Company is the only telegraph company operating in South Carolina, and during the year continued its program of providing telegraph service to keep pace with the nation's growth. Local and national telegraph service has been progressively improved as the result of a planned program by Western Union to modernize and mechanize its plant and facilities. This program has brought in a new nationwide network of automatic transmission facilities which has largely substituted electronic methods for the previous manual handling of telegrams.

As of December 31, 1968, 167 telegraph agency or commission offices in South Carolina were linked with national and international telegraph facilities through Western Union's message

center at Atlanta, Georgia, one of several strategically located reperforator switching centers which provides automatic and semi-automatic relay of telegrams between cities. Each high speed center serves from one to six states and each is provided with direct channels to other centers.

Western Union also leases private wire "closed circuit" telegraph and facsimile systems to industry and government.

A few complaints about telegraph service received by the Commission were handled informally and adjusted without formal hearings.

TELEPHONE COMPANIES

The telephone companies operating in South Carolina continued to enlarge their telephone plants during 1968. The manufacturers of telephone equipment have been unable to keep up with the demand. Dial equipment is now in operation in all exchanges throughout South Carolina.

The telephone companies operating in South Carolina increased the number of telephones in service in the State from 912,635 on December 31, 1967 to 994,630 on December 31, 1968, a net increase of 81,995 telephones during the year 1968, which reflects an increase of 8.9%. The telephone companies operating in the State have been very active in expanding their telephone plants to furnish service to those making application for same, and most all applicants were taken care of with very few exceptions.

The increase in costs of telephone equipment, salaries, wages and other operating costs has caused a number of telephone companies operating in the State to apply to the Commission for authority to increase their rates and charges for telephone service. As prescribed by law, public hearings were held on each application for adjustments in telephone rates and charges and, upon giving consideration to all testimony presented at these hearings and information in the files of the Commission, rate adjustments were authorized on all applications which, in the opinion of the Commission were just and reasonable.

Service was established at the new office for Six Mile, South Carolina with extended area service to Pickens, Easley, Liberty, Clemson and Central.

Construction was started for new crossbar office in Townville area of Anderson exchange.

Construction was started for new Blue Ridge office to serve area between Greer and Travelers Rest exchange.

Construction started for new office in the Converse-Clifton area of Spartanburg.

Extended area service was established between Spartanburg and Chesnee.

Extended area service was established between Bamberg and Ehrhardt.

Extended area service was established between Batesburg-Ridge Spring and Johnston-Ridge Spring.

Direct Distance Dialing with ANI was established for Ridge Spring, S. C. (Conn. Co.)

Direct Distance Dialing was provided to York, Sharon, Hickory Grove and Clover.

Centrex service established for the South Carolina Medical College at Charleston.

Direct Distance Dialing was established for Barnwell.

New offices were ready at Easley, Greenville and North Augusta for cutover date of July 20, 1969.

The Educational Television Network was expanded to a state-wide system in September, 1966, with service to 224 public schools, 13 colleges, 9 hospitals and 1 private school, 5 ETV Broadcast Stations, 8 TEC Centers and 16 other agencies ending May 31, 1969.

As of December 31, 1968, six rural telephone cooperatives have been organized in South Carolina to serve rural areas as follows:

1. Farmers Telephone Cooperative, Inc., to serve Williamsburg, Georgetown, Clarendon, Florence, Lee and Sumter Counties. This Cooperative is operating fourteen exchanges;

2. Horry Telephone Cooperative, Inc., to serve in Horry County and a small area in Georgetown County. This Cooperative is operating seven exchanges;

3. Palmetto Rural Telephone Cooperative, Inc., to serve in Colleton County and a small area in Bamberg County. This Cooperative is operating five exchanges.

4. Piedmont Rural Telephone Cooperative, Inc., to serve in Laurens, Abbeville, Newberry, and Spartanburg Counties. This Cooperative is operating four exchanges;

5. Sandhill Telephone Cooperative, Inc., to serve Chesterfield, Lancaster and Kershaw Counties. This Cooperative is operating six exchanges;

6. West Carolina Rural Telephone Cooperative, Inc., to serve in Abbeville and McCormick Counties and a small area in Anderson County. This Cooperative is operating five exchanges.

The Commission received many requests for assistance in obtaining telephone service from applicants who were unable to secure service on application to the telephone companies and a great deal of work has been done by the Commission in assisting these applicants in securing service.

WATER UTILITIES

The majority of water utilities operating in South Carolina are owned and operated by municipalities and public water districts and are not under the jurisdiction of the Public Service Commission. The cities in which the water systems are privately owned and subject to the jurisdiction of the Public Service Commission are Anderson, St. George and Walterboro. In addition, there are a number of small water systems at beach resorts and real estate developments which are also under the jurisdiction of the Commission.

Complaints were received by the Commission from customers of water utilities as to service and charges at some of the beach resorts and real estate developments. Most complaints were handled informally with public hearings being held by the Commission when necessary.

The increase in costs of water works equipment, salaries, wages, and other operating costs has caused a number of water utility companies operating in this State to apply to the Commission for authority to increase their rates and charges for water service.

As prescribed by law, public hearings were held on each application for adjustment in water rates and charges and, upon giving consideration to all testimony presented at these hearings and information in the files of the Commission, rate adjustments were authorized on all applications which, in the opinion of the Commission, were just and reasonable.

SEWERAGE UTILITIES

The South Carolina Public Service Commission under Section 58-101 of the Code of Laws of South Carolina has jurisdiction to supervise and regulate the rates and services of any public utility engaged in the business of furnishing sewerage to any consumer within the State of South Carolina since 1962, except public utilities owned or operated by any municipality or agency thereof and/or any sewer authority specifically exempted by statute.

Since 1962 this Commission has approved rates for a number of small sewer systems throughout South Carolina. Complaints were received by the Commission from customers as to service and charges. Most complaints were handled informally with public hearings being held by the Commission when necessary.

As prescribed by law, public hearings were held in each application for adjustments in sewerage rates and charges and upon giving consideration to all testimony presented at these hearings and information in the files of the Commission, rate adjustments were authorized on all applications which in the opinion of the Commission were just and reasonable.

TELEPHONE COMPANIES OPERATING IN SOUTH CAROLINA, JUNE 30, 1969

Part III

MOTOR TRANSPORT DIVISION

The work of this Division is to enforce the Motor Vehicle Carrier Law of the State, Sections 58-1401—58-1501 of the South Carolina Code of Laws, 1962, as amended. The Law provides for the regulation, supervision, and control of persons, firms, corporations, etc., operating motor vehicles used in the business of transporting persons or property for compensation over the highways of the State, and imposes license fees to cover the cost of administration of the Law.

With the growth of the motor carrier industry in this State, together with the better enforcement of the Motor Carrier Law made possible by increased enforcement facilities, the work of this Division has rapidly increased, as evidenced by revenue receipts as shown in the following, through the fiscal year 1962-1963. However, beginning in 1962 the General Assembly for three successive years, passed legislation which reduced license fees for Class D, E and F Certificate holders by twenty-five per cent per year. This reduction is shown in the revenue as collected since that time along with a portion of the motor vehicle registration fees collected by the South Carolina Tax Commission and credited to the Motor Transportation Fund beginning with the fiscal year 1962-1963.

1968-69

During the period of this report, fifty-one hearings were held in connection with motor transportation matters.

In connection with Class A (regular route bus) carriers, one hearing was held in connection with schedules and six schedules were discontinued. One application for Class C (special trip taxi) Certificate was heard and is pending. Twenty-seven applications for Class E (motor freight service over irregular routes) Certificates were heard, of which seventeen were granted, one denied, three dismissed and six pending; twelve applications to amend Class E Certificates were heard, of which ten were granted, one withdrawn and one is pending; three applications for transfer of Class E Certificates were heard, one of which was granted and two were denied. Three applications

for Class F (motor freight service under contract) Certificates were heard, of which two were granted and one is pending; one application for amendment to a Class F Certificate was set for hearing and dismissed. Three Rules to Show Cause why Certificates of Public Convenience and Necessity should not be revoked for failure to comply with the Motor Vehicle Carrier Law of South Carolina, were issued against ninety-five carriers, resulting as follows: Rule against one Restricted Class A Certificate holder was dismissed, and four Restricted Class A Certificates were revoked; Rules against two Class C Certificate holders were dismissed and thirteen Class C Certificates were revoked; one Class D Certificate was revoked, and four Restricted Class D Certificates were suspended; Rules against twelve Class E Certificate holders were dismissed and fourteen Class E Certificates were revoked; Rules against two Class F Certificate holders were dismissed, one Certificate cancelled and twelve Certificates revoked; one Rule to Show Cause against thirty-four carriers is pending.

In addition to matters which were disposed of after public hearings, three hundred and forty Orders were issued, disposing of motor transportation matters without hearings. In connection with Class A, one Certificate was granted, three suspended, one cancelled, ten applications for Class A Certificates were dismissed, one application for approval of a bus station was dismissed, one application to lease a Class A Certificate was dismissed, and one Docket on a Rule to Regulate Charter Trips was dismissed; fourteen Restricted Class A Certificates were granted, four amended, four suspended and six cancelled. In connection with Class C, eighty-four Class C Certificates were granted, thirty-six cancelled, and one reinstated. In connection with Class D (motor freight service over regular routes), one Class D Certificate was granted, and two cancelled; one Class D Certificate, Restricted to Interstate Commerce Only, was granted and one transferred; one Restricted Class D Certificate was amended and one cancelled. Certificate No. 101B, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla. (See Cotton States Motor Lines, Inc.), operating between Columbia, S. C. and the S.C.-Ga. State Line (Augusta, Ga.), via Edmund, Pelion, Wagener, Perry, Salley, Springfield and Aiken, over State Highways 215, 39, 4 and 215 and U. S. Highway No. 1.

Certificate No. *108B, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Tillman, S. C. and the S.C.-Ga. State Line (Savannah) via Ridgeland and Hardeeville, S. C., over State Highway 336 and U. S. Highway 17. (Interstate Service Only).

Certificate No. *109B, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Estill, S. C. and the S.C.-Ga. State Line (Savannah), via Garnett, Tillman and Hardeeville, over State Highway 5 and U. S. Highway 17. (Interstate only.)

Certificate No. 121A, Restricted, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla. (See Cotton State Motor Lines, Inc.), operating between Aiken, S. C. and Charleston, S. C. via Denmark, St. George and Summerville, over U. S. Highway No. 78; Alternate Route: From Denmark to Bamberg via Norway, Neeses, Orangeburg and Cope, over State Highways 5, 4 and 33; Alternate Route: From Elko to Blackville via Barnwell, over State Highways 37, 39 and 3. Restricted: So as not to permit intrastate service to or from the following points: Norway, Neeses, Branchville, Reevesville, St. George, Summerville and intermediate points and places between Branchville and Charleston.

Certificate No. 123D, Restricted, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Walterboro, S. C. and Columbia, S. C., via Ehrhardt, Bamberg, Blackville, Bamberg and Orangeburg, over S. C. Highways 64, 36 and 33, and U. S. Highways 78 and 21; via Bells Cross Roads, Branchville and Orangeburg, over State Highway 64 and U. S. Highway 21; and, via Ehrhardt, Bamberg, Denmark, North and Swansea, over S. C. Highways 5, 36 and 64, and U. S. Highway 78; Off Route Points: Cope, St. Matthews, St. George, Grover and Williams. Restricted: So as not to permit intrastate service to or from Denmark,

Blackville, Norway, Neeses, North, Woodford, Swansea and Gaston, and all other intermediate points and places between Denmark and Columbia, South Carolina.

Certificate No. 124D, Restricted, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Walterboro, S. C. and S.C.-Ga. State Line (Augusta, Ga.) via Yemassee, Allendale, Barnwell, Blackville and Aiken, over U. S. Highway 17, State Highways 28 and 3, and U. S. Highway 78; and return via Allendale, Fairfax, Hampton and Yemassee, over State Highways 28 and U. S. Highway 17; Alternate Return Route: via Ellenton, Barnwell, Olar and Ehrhardt, over State Highways 28 and 64; Off Route Points: Crockettville, Miley, Sycamore, Ulmers, Graniteville, Vacluse and North Augusta. Restricted: So as not to permit intrastate service to or from Blackville, Elko, Williston, Windsor, Montmorenci, Olar, Ulmers and Sycamore.

Certificate No. A146C, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Yemassee, S. C. and Parris Island, S. C., via Sheldon, Gardens Corner, Lobeco, Burton, Beaufort, and Port Royal, over U. S. Highway 21 and State Highway No. 281.

Certificate No. 147A, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Allendale, S. C. and the S.C.-Ga. State Line (Savannah), via Fairfax, Hampton, Estill, Garnett, Tilman, Ridge-land and Hardeeville; over S. C. Highways 28, 36, 631, 5 and 336, and U. S. Highway 17; Alternate Route: Between Fairfax and Estill, S. C., over State Highway No. 5.

Certificate No. 419, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Columbia and Sumter, S. C., over U. S. Highway No. 76, a distance of 44 miles, with Closed Doors at all intermediate points between termini.

Certificate No. 440, Restricted, **R. C. Motor Lines, Inc.**, 2504 Laura Street, Jacksonville, Fla., operating between Orangeburg, S. C. and Greenville, S. C., via North, Pelion, Batesburg, Saluda, Chappells, Cross Hill, Laurens, Gray Court, Fountain Inn, Simpsonville, and Mauldin; over U. S. Highway No. 178 for 70 miles, U. S. Highway No. 221, for 33 miles, State Highway No. 39 for 8 miles, and U. S. Highway No. 276 for 36 miles, a total distance of 147 miles; and, Between Bamberg, S. C. and Aiken, S. C., via Denmark, Blackville, Elko, Williston, Windsor, and Montmorenci; over U. S. Highway No. 78, a distance of 47 miles. Restricted: So as not to permit the handling of local traffic between Greenville, S. C. and Laurens, S. C. and intermediate points; and, so as not to permit the handling of local traffic from Greenville, S. C. to Saluda, S. C. and from Saluda, S. C. to Greenville, S. C.

Certificate No. *167B, **Roadway Express, Inc.**, Akon, Ohio, GENERAL COMMODITIES: Between the S.C.-N.C. State Line (Charlotte, N. C. and New York City) and the S.C.-Ga. State Line (Atlanta, Ga.), over U. S. Highway No. 29; and, Between the S.C.-N.C. State Line (Charlotte, N. C.) and Columbia, S. C., over U. S. Highway No. 21. All as authorized by the Interstate Commerce Commission under Docket No. MC-2202.

Certificate No. *362E, **Ryder Truck Lines, Inc.**, a Tennessee Corporation, Box 8418, Greenboro, N. C., IN INTERSTATE COMMERCE

ONLY: GENERAL COMMODITIES, except those of unusual value, and except dangerous explosives, household goods as defined in Practices of Motor Common Carriers of Household Goods, 17 M.C.C. 467, commodities in bulk, and those requiring special equipment, over regular routes. Between the N.C.-S.C. State Line and the S.C.-Ga. State Line, over U. S. Highway No. 29; Between Greenville, S. C. and the S.C.-Ga. State Line, over S. C. Highway No. 13 and U. S. 123; All intermediate points on the above specified several routes, and the off-route points of Belton, Clifton, Pendleton, and Pickens, S. C., and points and places within one mile of these routes, and all textile mills located within five miles of these routes in South Carolina; and, Between Spartanburg, S. C. and Camp Croft, S. C., over State Highway 9, no intermediate points; and, Between Greenville, S. C. and the S.C.-N.C. State Line (Hendersonville, N. C.), over U. S. Highway No. 25, and all intermediate points.

Certificate No. 105C, Restricted, **Seaboard Coast Line Railroad Company**, P. O. Box 1629, Richmond, Virginia, operating between N.C.-S.C. State Line (Hamlet, N. C.) and Columbia, S. C., via Kollock, Cheraw, Patrick, McBee, Bethune, Camden and Blaney, S. C., over State Highways 77 and 9, and U. S. Highway No. 1. Restricted: In accordance with the application, to the handling of the company's own business between the North Carolina-South Carolina State Line (Hamlet, North Carolina) and Columbia, South Carolina, and intermediate points, and against pickup and delivery service except at company stations within the State of South Carolina.

Certificate No. 432C, Restricted, **The Seacoast Transportation Company**, Jacksonville, Florida, operating 1. Between Charleston and Charleston, S. C. (loop) over the following route: From Charleston to Johns Island, 10.4 miles over highways S-10-34, S-10-29, U. S. 17 and S-10-20; to Ravenel, 10 miles over Highways S-10-20, U. S. 17 and S. C. 165; from Ravenel to Meggetts and return to Meggetts, 8 miles over State Highway No. 165; to Jacksonboro, 16 miles over highways S. C. 165, U. S. 17 and S-15-30; to Green Pond, 10 miles over highways S-15-30, U. S. 17 and S. C. 303; to Walterboro, 14 miles over highways S. C. 303, S-15-76 and S-15-36; to Ruffin, 14 miles over highways S-15-36, S. C. 64 and U. S. 21; to Williams, 6 miles over highways U. S. 21, S. C. 64 and S. C. 362; to Ehrhardt, 16 miles over highways S. C. 362, and S. C. 64; to Walterboro, 26 miles over highways S. C. 64 and S-15-36 to Charleston, 56.4 miles over highways S-15-36, S-15-76, S. C. 303, U. S. 17, S-10-29 and S-10-34; a total distance of 182.8 miles.

2. Between Florence and Florence, S. C. (loop) over the following route: From Florence to Darlington, 10.2 miles over highways S-21-24, S-21-113 and U. S. 52; to Dovesville, 9 miles over highways U. S. 52 and Unnumbered County road; to Cheraw, 21 miles over U. S. highway 52; from Cheraw to N.C.-S.C. State Line and return to Cheraw, 20 miles over U. S. 52; to Bennettsville, 16 miles over S. C. highways 9 and 38; to McColl, 9 miles over highways S. C. 38, U. S. 15 and S. C. 381; to Hartsville, 41 miles over highways S. C. 381 and U. S. 15; to Darlington, 15.2 miles over highways S. C. 151 and U. S. 52; to Florence, 10 miles over highways U. S. 52, S-21-113 and S-21-24; a total distance of 151.4 miles.

3. Between Florence and Florence, S. C. (loop) over the following route: From Florence to Mars Bluff, 7 miles over highways S-21-24, S-21-92, U. S. 76 and S-21-108; to Marion, 17.1 miles over highways S-21-108, U. S. 76 and U. S. 501; to Mullins, 9.2 miles over highways S-34-42, U. S. 76, S. C. 57 and S-34-53; to the S.C.-N.C. State Line near Chadbourn, N. C., 16 miles over highways S-34-53, S. C. 57 and U. S. 76; from N.C.-S.C. State Line near Rowland, N. C. to Hamer, S. C., 2 miles over highways U. S. 301 and S-17-60; to Pee Dee, 23 miles over highways S-17-60 and U. S. 301; to Florence, 14 miles over highways U. S. 76, S-21-92 and S-21-24; total distance of 88.3 miles.

4. Between Orangeburg and Orangeburg, S. C. (loop) over the following route: From Orangeburg to Cope, 12 miles over U. S. highways 178 and 301 and S. C. highway 332; (Alternate Routes between Orangeburg and Cope, S. C., via Cordova; 15 miles over U. S. Highway No. 301, Secondary S-38-27 and S-38-33, U. S. 301 and S. C. 332) to Denmark, 14.4 miles over highways S. C. 332, U. S. 301, U. S. 78 and U. S. 321; to Hilda, 7 miles over S. C. highways 70 and 304; to Barnwell, 7 miles over highways S-6-35, S. C. 70, S-6-157, S-6-104 and S. C. 3; to Dunbarton, 11 miles over S. C. Highways 64 and 39; to Orangeburg, 49 miles over highways S. C. 39, S. C. 64, S. C. 70, U. S. 78, U. S. 301 and U. S. 178; to Cameron, 9.6 miles over highways U. S. 178, U. S. 21, S. C. 33 and S-9-51; to Creston, 5 miles over highways S-9-51, S. C. 33 and S. C. 6; to Elloree, 6 miles over S. C. Highways 6 and 47; between Elloree and Holly Hill, S. C. via Eutawville, over S. C. Highways No. 6 for 19 miles and No. 453 for 7 miles, and return over same route, a distance of 42 miles; to Creston, 6 miles over S. C. Highways 47 and 6; to Orangeburg, 14.6 miles over S. C. Highway 33 and U. S. Highways 21 and 178; total distance 183.6 miles

5. Between Florence and Florence, S. C. (loop) over the following route: From Florence to Timmonsville, 11 miles over highways S-21-24, U. S. 76, and S. C. 403; to Lynchburg, 9 miles over highways S. C. 403, U. S. 76, S. C. 341 and S-31-24; to Mayesville, 9 miles over highways S-31-24, U. S. 76, and S-43-1; to Sumter, 8.2 miles over highways S-43-1, S. C. 154, U. S. 76 and S-43-70; to Manning, 19.6 miles over highways S-43-70 and U. S. 521; to Greeleyville, 15 miles over highways S-14-117, S-14-113, U. S. 521 and S-45-35; to Kingstree, 13 miles over highways S-45-26, U. S. 521, U. S. 52 and S. C. 175; (Alternate Route between Greeleyville and Kingstree, via Gourdin, Lane and Salters; 9 miles over S. C. 375, 9 miles over S. C. 377, 4 miles over U. S. 521 and 6 miles over S. C. 377; total distance 28 miles) to Lake City, 16 miles over highways S. C. 175, U. S. 52 and S. C. 341; to Scranton, 3 miles over highways S. C. 341, U. S. 52, and S-21-47; to Florence, 19 miles over highways S-21-47, U. S. 52, U. S. 76 and S-21-24; between Sumter and Pinewood, S. C. and return, 34 miles over S. C. Highway No. 120; total distance 156.8.

6. Between the N.C.-S.C. State Line, near Tabor City, N. C., and Loris, S. C. 6.4 miles over S. C. Highway 904.

7. Between McColl, S. C., and South Carolina-North Carolina State Line, near John's, N. C., via an unidentified road, a distance of three miles.

8. Between Loris and Conway, S. C., via U. S. 701, a distance of 19 miles;

9. Between Latta and Mullins, S. C., via S. C. 917 (alternate route), a distance of 16 miles;

10. Between Manning and Pinewood, S. C. via S. C. 261 (alternate route), a distance of 15 miles;

11. Between Giant and Holly Hill, S. C., via S. C. 453, a distance of six miles; and from Holly Hill via U. S. 176 to junction of U. S. 301, thence to Orangeburg, S. C., via U. S. 30 (alternate route), a distance of an additional 29 miles, or a total of 34 miles.

12. Between Jacksonboro and Walterboro, S. C., via S. C. 64 (alternate route), a distance of 16 miles. Restricted: In accordance with the application to the handling of the Company's own business; and, Further Restricted: In accordance with the application against pick-up and delivery except at railroad company stations.

Certificate No. 453, Restricted, **The Seacoast Transportation Company**, Jacksonville, Florida, operating 1. From S.C.-Georgia Line (Augusta, Georgia), over South Carolina Highway 28 through McCormick, South Carolina to the junction of South Carolina Highways 28 and 10; thence via S. C. Highway 10 through Troy to the junction of S. C. Highway 10 and U. S. Highway 221; thence via U. S. Highway 221 through Greenwood and Laurens to Spartanburg, S. C.; with an alternate route between McCormick and Bradley, S. C., via U. S. Highway 221 for operating convenience only.

2. From Laurens, S. C., north over S. C. Highway 14 via Gray Court and Fountain Inn to Mauldin, S. C.; thence via U. S. Highway 276 to Greenville, S. C.; with alternate routes between the junction of U. S. Highway 221 and S. C. Highway 92 near Enoree, S. C.; and Gray Court, S. C., over S. C. Highway 92 and also from Woodruff, S. C., over S. C. Highway 418 to Fountain Inn, S. C., for operating convenience only.

3. From McCormick, S. C., north over S. C. Highway 28 to the junction of S. C. Highways 81 and 28 near Bordeaux; thence over S. C. Highway 81 via Calhoun Falls and Iva to Anderson, S. C.; with an alternate route between Anderson and Spartanburg over U. S. Highway 29 via Greenville.

4. From (Augusta, Georgia) S.C.-Georgia Line near Beach Island, S. C., over S. C. Highway 28 via Barnwell and Allendale to Yemassee, S. C.; thence over U. S. Highway 21 to Beaufort, S. C.; thence over S. C. Highway 281 to Port Royal, South Carolina.

5. From Beech Island, S. C., south to Jackson, S. C., over S. C. Highway 125 with an alternate route over an unidentified road between Jackson and the junction of that unidentified road and S. C. Highway 28.

Restricted: In accordance with the application to the handling of the business of the Atlantic Coast Line Railroad Company; and Further Restricted: In accordance with the application against pick-up and delivery except at railroad company stations; and, Further Restricted: To prohibit the grantee of this Certificate from entering into contracts with other Class D, E or F Certificate holders for pick-up and delivery service

outside of the commercial zones of the railroad company stations which grantee is hereby authorized to serve.

Certificate No. 163F, **Standard Trucking Company**, 225 East 16th St., Charlotte, N. C., operating between Spartanburg, South Carolina, and a fifteen mile radius thereof, and Darlington, South Carolina, and a fifteen mile radius thereof, via Camp Croft, Pacolet, Jonesville, Kelly, Lockhart, Chester, Richburg, Fort Lawn, Lancaster, Funderburk, McBee and Hartsville, over State Highways Nos. 9, 903 and 151; Off Route Points: Great Falls and Rock Hill.

Certificate No. 410E, **Standard Trucking Company**, Box 1107, Charlotte, N. C., operating between the N.C.-S.C. State Line (Charlotte, North Carolina), and Lancaster, South Carolina, over U. S. Highways 21 and 521.

Certificate No. 76F, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C. 28201, operating between Columbia, S. C. and the S.C.-Ga. State Line (Augusta, Ga.), via Lexington, Leesville, Batesburg, Monetta, Ward, Johnston, Edgefield, over U. S. Highway No. 1, State Highways Nos. 23 and 39, and U. S. Highway No. 25.

Certificate No. 77G, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C. 28201, operating between Batesburg, S. C. and S.C.-Ga. State Line (Augusta, Ga.), via Aiken, Vauluse, Warrenville, Graniteville, Warrenville, Langley, Bath and Clearwater, S. C.; over U. S. Highway No. 1 from Batesburg to Warrenville, and over Aiken County Highway from Warrenville to Vauluse and return, thence over U. S. Highway No. 1 to Augusta.

Certificate No. 84H, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C., 28201, operating between Columbia, S. C. and S.C.-N.C. State Line (Charlotte, N. C.), via Winnsboro, Great Falls, Chester, York, Rock Hill, and Fort Mill, and return via Fort Mill, Rock Hill, Chester and Winnsboro.

Certificate No. 93F, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C. 28201, operating between Columbia, S. C. and Sumter, S. C., via Dentsville, Pontiac, Elgin, Camden, Rembert and Dalzell, over U. S. Highways Nos. 1 and 521.

Certificate No. 94F, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C. 28201, operating between Columbia and Sumter, S. C., via U. S. Highway 76.

Certificate No. 98F, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C. 28201, operating between N.C.-S.C. State Line (Charlotte, N. C.) and Camden, S. C., via Lancaster, Heath Springs, Kershaw and Westville, S. C., over U. S. Highway No. 521.

Certificate No. 420C, **Thurston Motor Lines, Inc.**, P. O. Box 10638, Charlotte, N. C. 28201, operating between Columbia and Charleston, S. C., via the intersection of U. S. Highway No. 21 and State Highway No. 6, St. Matthews, Elloree, Eutawville, Holly Hill, and the intersection of State Highway No. 31 and U. S. Highway No. 52; over U. S. Highways

Nos. 21 and 52 and State Highways Nos. 6, 31 and 453; Off Route Points: Providence, and the S. C. State Highway Maintenance Shop on State Highway No. 31 northwest of Holly Hill.

Certificate No. 421C, **Thurston Motor Line**, P. O. Box 10638, Charlotte, N. C. 28201, operating between Columbia and Charleston, S. C., via Swansea, North, Orangeburg, and Summerville, over State Highway No. 5, U. S. Highways Nos. 178, 78 and 52; Off Route Points: Branchville, Dorchester, Ridgeville and St. George.

Certificate No. 415D, Interstate Only, **Yellow Freight System, Inc.**, P. O. Box 8462, 92nd St. at State Line, Kansas City, Mo. 64114, operating between the S.C.-Ga. State Line and Charleston, S. C., over U. S. Highway No. 78; and, between the S.C.-Ga. State Line and Greenville, S. C., over U. S. Highway No. 29. As authorized by the Interstate Commerce Commission under Certificate No. MC 70451 SUB 237.

Part IV

ELECTRICAL UTILITIES DIVISION

The Electrical Utilities Division was organized and operates under an Act of the General Assembly, regulating persons, corporations, etc., engaged in the generation, transmission, delivery, or furnishing of electricity for lighting, heating, power, etc., as approved by the Governor on April 8, 1932.

The following report has been prepared as is required by this Act in order to outline the activities of this Division during the fiscal year ending June 30, 1969.

Electrical Utilities Division

Electrical Utilities Division is charged with regulating the privately-owned electric utilities operating in this State looking toward the establishment of fair and adequate rates for electric service rendered to customers within the State, and insuring that the service rendered is adequate and under rules and regulations prescribed by the Acts of the General Assembly.

The Division must also determine that the Utilities under Commission jurisdiction do not earn more than a reasonable return upon the fair value of utility property devoted to the public service.

The Division constantly is reviewing the financial conditions and operations of the companies, and recommending to the Commission necessary readjustments in rates and rate schedules and requesting the various companies to reinforce their electric supply by the construction of additional generating capacity or the addition of larger conductors, more transformer capacity or additional lines. Service complaints are investigated by the personnel of the Division, who, also make electric meter tests and handle such other duties as are delegated to the Division in accordance with the Regulatory Act.

During the 1968-1969 fiscal year, the several electric utilities under the jurisdiction of the Commission continued to improve their systems to make more and better service available to the customers on their lines.

All of the major electrical utilities under jurisdiction of this Commission are planning and building generating plants and

transmission and distribution lines so that electric power will always be available to present customers and any others that may locate in this state.

Construction is well underway on a 740,000 kilowatt nuclear fueled electric generating station adjacent to the present H. B. Robinson Plant near Hartsville. The completion of this unit, in 1970, will add additional electric power to the supply available to South Carolina customers in the fast-growing Pee Dee area.

Carolina Power and Light Company is expanding its 230 volt transmission system and plans are under way for building a Robinson-Sumter-Wateree line together with lines to Florence and Society Hill, to connect with 230 KV lines in North Carolina. An additional 115 KV line is proposed between Hemingway and Andrews to provide duplicate service in this area.

Combustion turbine generating units have been installed at Robinson Plant near Hartsville and at other steam electric generating plants on the Carolina system to provide emergency start-up service as well as peaking power.

Duke Power Company has announced plans for the construction of a 2,000,000 Kilowatt steam-electric generating plant to cost approximately \$280,000,000 and to be located between Anderson and McCormick along the Savannah River. Plans for this Plant are in conflict with proposals for Federal construction of additional hydro-electric generating stations and dams on the Savannah River between the Hartwell and Clark Hill Projects. It is expected and hoped that Congress will eventually pass the necessary legislation to permit Duke Power Company to proceed with the construction of the initial installation of 700,000 Kilowatts, which will cost \$91,000,000.

During the summer of 1966, an agreement between Duke Power Company and those interested in the construction of the Trotter's Shoals development to be constructed between Hartwell Project and Clark Hill Project whereby Duke will work for the approval by Congress of funds for Trotter's Shoals, and those interested in the Trotter's Shoals Project will withdraw objection to the Keowee-Toxaway Project planned by Duke Power Company.

Delay in securing Congressional approval of Duke plans for the Savannah River Plant has resulted in the completion of the first two units of a large steam-electric generating plant on Lake Norman which was formed when the Cowan's Ford Dam

was completed just above Charlotte early this year. The Cowan's Ford Plant completes the economical development of the Catawba-Wateree River from its headwaters above Marion, N. C. to the fall line near Camden where the Wateree Plant has been in service since 1919. Two units in Plant Marshall are now generating power. In fact, this plant is the second most efficient steam-electric generating plant in the United States.

Plans for the Savannah River Plant have not been abandoned, and as soon as the Federal approval can be obtained, and forecasts show the need of additional power in the Savannah River area, this plant will be built to help provide more power for South Carolina customers.

On January 2, 1965, Duke announced plans for the construction of the Keowee-Jocassee Project in Oconee and Pickens Counties to cost about \$700 million dollars. Since the construction of the three proposed dams would possibly affect navigation on the Savannah River, Duke must receive a License from the Federal Power Commission.

On September 26, 1966, the Federal Power Commission issued a License in Project No. 2503 and clearing, grading and excavation work has been underway since early in 1967.

Early in the construction of this project, intake structures to provide cooling water for three 840,000 KW nuclear fueled steam-electric generators must be completed. This intake structure must be completed before the Keowee lake is filled, since this lake will provide cooling water for the nuclear plant.

During 1969 the Keowee Dam was completed and the Little River was closed by a coffer-dam so that the Little River dam could be constructed. Some water has been stored behind the Keowee Dam, but the flow of both the Little River and the Keowee River is now going thru the Keowee spillway. As soon as the diversion tunnel is completed at Jocassee, the Keowee spillway will be closed and water will be stored to provide electric generation when the Keowee plant is completed.

South Carolina Electric and Gas Company's new Wateree Generating Unit No. One is nearing completion and should be available for service early next summer. The second unit at this plant is well along and should be available for service in 1971. Combustion turbine generating units have been installed at

Plant Urquart, Plant Canadys, Burton, Hardeeville and Faber Place near Charleston.

Work is well under way on the installation of a 70,000 KW unit addition to the Saluda Station at Lake Murray.

The Federal Power Commission tabulates data on practically all of the electric generation in the United States and these data indicate that the privately-owned utilities providing electric service in South Carolina are well and efficiently managed and are providing good service at rates that are usually below the rates in effect in other parts of the nation. The latest information available from this source indicates that in 1967 Duke Power Company's first unit at Plant Marshall was the most efficient unit in the United States. Considering all steam plants on a company's system, Duke Power Company was the sixth most efficient system in the United States, with Carolina Power and Light Company ranking fourth and South Carolina Electric and Gas Company ranking tenth.

The generating plants of the privately-owned utilities serving South Carolina customers are economically constructed and operated and the people of this State benefit through good service and reasonable rates.

The installation and operation of large, modern, very efficient generating plants permits the Companies to continue to sell electric power at rates established years ago. Electric power is one item that has not increased in cost during the past several years. Power from these plants and other plants in North Carolina is made available to South Carolina customers over the many high voltage lines crossing into South Carolina.

In order to provide more and better service, the distribution voltage in a number of towns has been raised.

A number of new distribution sub-stations have been built to provide more and better service to those faster growing areas.

All of the utilities under jurisdiction of the Commission have spent considerable money in rebuilding present distribution systems, adding larger wire and transformers, etc., and in extending service into areas not previously having dependable service available.

Higher voltage lines of greater capacity are required to pro-

vide the ever increasing power to permit South Carolinians to "Live Better—Electrically."

South Carolina customers are receiving some power from the Clark Hill Project through transmission lines of South Carolina Public Service Authority, Duke Power Company, and South Carolina Electric and Gas Company. The operating agreement between the Authority and South Carolina Electric and Gas Company continues in effect to the benefit of both utilities.

Duke Power Company has entered into a contract with South-Eastern Power Administration for the delivery of South Carolina's portion of the power available from the Hartwell Project, and power from this project is now flowing to South Carolina preference customers.

The major utilities operating in South Carolina as well as neighboring utilities in Georgia and North Carolina are connected by numerous high voltage transmission lines and, in case of emergency, power is transmitted between the interconnected companies affording the ultimate consumer a better and more continuous supply of power.

Carolina Power and Light Company, Duke Power Company, South Carolina Electric and Gas Company and Virginia Electric and Power Company have signed an agreement for pooling capacity and coordinating the construction of transmission lines and generating stations in order to permit maximum use of recent technological developments "to attain even greater security and economy of service." These CARVA Pool member Companies are now interconnected and this agreement provides for even closer coordination between the generation and transmission of electric power in North Carolina, South Carolina and a large part of Virginia. Generally speaking large generating units can produce power more economically than small units, and these companies plan to install larger units and to pass on to the consumer the savings.

During 1968 the reserve generating capacity of the CARVA Pool members appeared too small, and the Pool Members installed a number of combustion-turbine generating sets to provide peaking power as well as emergency start-up service if such were required. CARVA Pool members have contracted for the installation of additional steam-electric generating units to

provide for the large growth of service requirements expected before the four Nuclear Units are available for service. These units are smaller than would normally be installed, but these smaller units were available from the manufacturers, and the larger more desirable units were not available.

The Members of the CARVA Pool, as well as the other electric suppliers providing electric service to South Carolina are installing sufficient generating capacity to take care of the needs of South Carolina customers, and this service is being provided at rates generally below rates thru-out the United States, except in areas where the service is subsidized by the Government.

The larger utilities operating in South Carolina have a new "Area Lighting Service" which is being made available to individual customers and to whole communities living outside city limits. Many thousands of these lights have been installed in the rural area of our State.

The South Carolina residential electric customer enjoys the lowest average rate in the history of the State, and, in addition is able to purchase electric service at a price which is well below the national average for privately-owned electrical utilities. A chart has been prepared comparing the residential electric consumption and the average price paid by the South Carolina consumers with the average consumption and average price paid by the average United States consumer. This chart is printed on one of the following pages.

There are now over 50,000 miles of rural and suburban electric distribution lines serving nearly half a million rural and suburban customers in South Carolina. These customers are provided electric power by the privately-owned utilities, the Municipalities owning and operating their own distribution systems, the Federally financed REA Cooperatives, and the South Carolina Public Service Authority (Santee-Cooper). It is generally believed that any area not adequately served at this time will be able to obtain electric service in the very near future.

It is believed that there is no power shortage in South Carolina and further, that the organizations in South Carolina who generate and sell electric power will provide adequate power at reasonable rates for the future needs of this State. In fact, at this time there are new generating facilities under construction

or in the planning stage by both publicly-owned and privately-owned utilities.

A number of charts and tables have been prepared to show the growth of the privately-owned electric industry in South Carolina and are presented elsewhere in this Report.

Rates

The downward trend in electric rates enjoyed by the average residential electric consumer in recent years has begun to level off. The rapidly rising costs of all things necessary in providing good service will probably require rate increases in order to protect the financial condition of the several electric companies, so that the companies can continue to finance, at a reasonable rate, the many additions required in providing good service.

The South Carolina residential electric consumer continues to enjoy more electric service at a cheaper rate than the average consumer throughout the United States. The average rate paid by South Carolina residential consumers for the year ending December 1968 was about 30% of the average rate paid by the same consumers in 1932. The average United States residential consumer purchases electric energy at an average rate of about 18% more than the average rate paid in South Carolina by the consumers of the privately-owned electric utilities.

Although the downward trend in electric rates in the United States as a whole has been reversed and nationally the statistics indicate that electric rates are rising, the electric customers in South Carolina continue to enjoy electric service at declining rates which are well below National Average Rates.

The increase in use of electric service together with the installation of large, very efficient generating stations, and efficient operations of the privately-owned utilities in South Carolina will allow even lower average rates, unless the costs of everything that goes into the production, transmission and distribution of electric service rise faster than during the past several years.

The Federal Power Commission Publication R-72, "Typical Electric Bills—1968" (the latest information available from FPC), indicates that the average United States bill for 250 Kwhrs for residential service was \$7.38 on January 1, 1968. Of the 82 communities listed in South Carolina only one community

had a bill higher than \$7.38 and this bill was for \$7.40. There were twenty two communities with bills higher than \$7.00, eighteen communities with bills between \$6.50 and \$7.00 with forty communities with bills between \$5.00 and \$6.50. One community had a bill of only \$4.99 for 250 Kwhrs.

The 496,719 residential customers in South Carolina served by the privately-owned utilities used 4,155,017,939 Kwhrs, with an average annual use of 8,365 Kwhrs, for an average annual bill of \$150.61 or an average monthly bill of \$12.55 at an average rate of 1.800 cents per Kwhr. The average annual Kwhr used by the average United States residential consumer was 5,577 for which he paid 2.17 cents per Kwhr.

Since the average annual residential use in South Carolina was 8,365 Kwhrs or a monthly use of 697 Kwhrs, the following data from the Federal Power Commission's Publication R-72 are based on bills for 500 Kwhrs for residential use in the United States on January 1, 1967 was \$10.37, with an average rate of 2.074 cents per Kwhr. Of the 82 communities in South Carolina with a population of 2,500 or more, there were only 25 communities with bills higher than \$10.37 for 500 Kwhrs for residential service, and of these only one community had a bill of over \$11.25 for 500 Kwhrs.

There were 57 communities in which a bill of less than \$10.37 would be rendered for 500 Kwhrs of residential service. Of these 57 communities 54 would receive bills below \$10.00.

Forty-eight communities would receive bills of less than \$9.50 and of these, three communities would receive a bill of less than \$8.00.

The average residential customer in South Carolina served by the privately-owned utilities uses 8,365 Kwhrs annually for which he receives an average bill of \$150.61 with an average rate of 1.800 cents per Kwhr. The national average residential customer uses only 6,057 Kwhrs for which an average annual bill of \$128.41 is rendered at an average rate of 2.12 cents per Kwhr.

The average residential customer in South Carolina served by the privately-owned utilities pays an annual bill which is about 12% higher than average United States residential customers pay, but the South Carolina average residential customer receives 38.1% more power for the 12% increase in his Annual Bill.

The average rate paid in South Carolina is 15% lower than the average rate paid by all residential customers in the United States, including those customers in the Tennessee Valley and other areas where publicly-owned power is provided. In South Carolina, if Santee-Cooper residential statistics were included with those of the privately-owned utilities, the South Carolina average rate probably would be even lower.

There are 2,432 large industrial customers of the privately-owned utilities in South Carolina who purchased 8,853,136,725 Kwhrs at an average rate of 7.37 mills per Kwhr, which is well below the power rates in a large part of this nation.

The commercial and industrial rates in South Carolina have been reduced from time to time and are considerably below the national average figure. It is interesting to compare the average price of 1.521 cents per kilowatt hour paid for all electrical energy sold to ultimate consumers in the United States with the average price of 1.135 cents per kilowatt hour paid by ultimate consumers of the privately-owned utilities in South Carolina. The South Carolina average does not include the large amount of power sold by the South Carolina Public Service Authority nor that sold by other publicly-owned systems in the State. Were Santee-Cooper sales included, the South Carolina figure would be even lower than shown. Industries now located within South Carolina and other industries desiring reasonable electric power rates will find that electric power can be secured throughout practically the entire State at very reasonable rates.

It is believed that there is no power shortage in South Carolina and further, that the organizations in South Carolina who generate and sell electric power will provide adequate power for the future needs of this State. In fact, at this time there are new generating facilities under construction or in the planning stage by both publicly-owned and privately-owned utilities.

A number of charts and tables have been prepared to show the growth of the privately-owned electric industry in South Carolina and are presented elsewhere in this Report.

Notes: *** Classification of sales shown in reports to Commission does not permit segregation of "Street Lighting, Municipal Use, etc." into "Street Lighting, etc., "To Municipalities For Re-Sale," "To Other Utilities, For Ultimate Consumers."

** First South Carolina Rural Electrification Authority line energized in Fall of 1936—S. C. REA lines were later taken over by REA Cooperatives who are now operating rural lines in South Carolina.

* It is probable that some energy shown in this column should be shown as "To Municipalities—For Re-Sale" "To Other Utilities—For Re-Sale" or "Street Lighting—Municipal Use, etc."

SALE OF ELECTRIC POWER IN SOUTH CAROLINA BY EIGHT (8) PRIVATELY OWNED UTILITIES IN 1968

Class of Service	Kilowatt Hours Sold	Number of Customers	Revenue
Residential	4,155,017,939	496,719	\$ 74,812,935.41
Commercial and Small Power	2,645,273,441	79,961	41,870,136.63
Municipal and Street Lighting	232,505,649	2,173	3,558,034.13
Industrial	8,853,136,725	2,432	65,270,894.65
Municipal for Resale	946,641,732	20	6,645,056.37
REA Cooperatives	300,307,645	58	2,251,502.00
Total to Ultimate Consumers	17,132,883,131	581,363	\$194,408,559.19
Other Electric Companies	1,240,064,180	13	8,140,111.00
Total Electric Sales	18,372,947,311	581,376	\$202,548,670.19
Deficiency Power Provided for SEPA (Hartwell Project)			
Preference Customers	27,296,173	1	88,713.00
Other Electric Revenue			1,927,922.53
Total	18,400,243,484	581,377	\$204,565,305.72

ELECTRIC ENERGY ACCOUNT OF EIGHT (8) PRIVATELY- OWNED ELECTRIC UTILITIES OPERATING IN SOUTH CAROLINA - 1968

	Kilowatt Hours
Steam Generation	10,088,571,000
Hydro Generation	1,488,584,000
Gas Turbine Generation	162,778,000
Nuclear Generation	—0—
Total Generation	11,739,933,000
Purchase Power	669,323,153
*Interchange Power — Received	
Received from N. C. Lines	6,803,561,087
**Total Provided	19,212,817,240
Energy Sales	18,372,947,311
Deficiency Power Provided for SEPA (Hartwell Project) Preference Customers	27,296,173
Company Use	18,695,811
*Interchange Power — Delivered	
Losses and Unaccounted For	793,877,945
Total	19,212,817,240

* Daily flow of power and energy between Carolina Power & Light Company, Duke Power Company, South Carolina Electric & Gas Company and members of Carva Pool and Interconnected Systems Group is not included in this tabulation.

** In addition, Duke Power Company wheeled for SEPA (Hartwell Project) 140,539,237 KWH to preference customers in South Carolina and 82,740,515 KWH to preference customers in North Carolina.

**ANNUAL KILOWATT-HOURS GENERATED IN SOUTH CAROLINA BY
PRIVATELY OWNED ELECTRIC UTILITIES**

** All-Electric Service.

**FORMAL ORDERS ISSUED BY THE COMMISSION ON
DATA FURNISHED AND RECOMMENDATION MADE BY
THE ELECTRICAL UTILITIES DIVISION**

ORDER E-1,000 issued October 30, 1968, approved Duke Power Company's Lighting Contract Form 10302.

ORDER E-1,012 issued July 3, 1968, approved sale by Duke Power Company to the Commission of Public Works of the City of Greenwood, certain electric distribution lines and equipment located within the City of Greenwood. Authorized Duke Power Company to discontinue service to the customers served by such facilities when Commission of Public Works commences to furnish service to such customers.

ORDER E-1,013 issued July 11, 1968, denied Carolina Power & Light Company's petition to pass on to its customers the 10% Federal Income Surtax.

ORDER E-1,014 issued July 23, 1968, authorized South Carolina Electric & Gas Company to issue and sell \$20,000,000 principal amount of First and Refunding Mortgage Bonds _____% Series due 1998, to a group of underwriters who in turn will offer the new Bonds publicly at an initial public offering price of not less than 99% nor more than 102% of the principal amount of the Bonds, and/or to institutional purchasers pursuant to Delayed Delivery Contracts. Proceeds from the above will be used in construction program.

ORDER E-1,015 issued August 6, 1968 ordered that on and after October 1, 1968, all electric utilities subject to jurisdiction of this Commission shall pay six percent (6%) simple interest on all customer deposits left with the company for a period longer than six months and ordered that interest payments shall be made at least every five years, but not more often than yearly, except where service is terminated for any reason.

ORDER E-1,016 issued September 4, 1968, ordered Carolina Power & Light Company to suspend operation of Adjustment Schedule No. 1 for a period of 90 days from September 6, 1968, to and including December 5, 1968, or for such further period as may be ordered hereafter but in any event not beyond one year from September 6, 1968; and that this proceeding be, and the same hereby is, continued on the docket of this Commission for the purpose of entering upon a hearing concerning the

lawfulness and reasonableness of Adjustment Schedule No. 1 at a time and place to be hereafter set by the Commission, and for such other action as the Commission may deem proper.

ORDER E-1,017 issued September 18, 1968, authorized Carolina Power & Light Company to issue \$40,000,000 principal amount of First Mortgage Bonds _____% Series due 1998 with the selling price and interest rate to be established through competitive bidding. Proceeds from the above will be used in construction program.

ORDER E-1,018 issued September 25, 1968, approved Carolina Power & Light Company's Notice of Withdrawal of Adjustment Schedule No. 1.

ORDER E-1,019 issued September 30, 1968, approved Application of Duke Power Company for Certificate of Public Convenience and Necessity authorizing construction of two combustion turbine generator units at the existing Urquhart Station of South Carolina Electric & Gas Company near Beech Island, S. C.

ORDER E-1,020 issued October 23, 1968, set a date of November 6, 1968, at 11:00 A. M. for hearing Duke Power Company's Petition for authority to sell certain electric lines to the Commission of Public Works of the City of Greenwood.

ORDER E-1,021 issued October 29, 1968, approved the filing of South Carolina Electric & Gas Company's 1968 Revised "Electric Service and Meter Installations Manual".

ORDER E-1,022 issued October 29, 1968, authorized South Carolina Electric & Gas Company to revise Electric Tariff No. 23 "High Load Factor Service" by providing that the said tariff is not available for stand-by service and also to revise Section 3 (f) of the Company's General Terms and Conditions (issued July 1, 1962) to eliminate stated charges for connection of temporary or seasonal service, and to provide for reasonable payment commensurate with the services rendered to be made under the appropriate circumstances.

ORDER E-1,023 issued November 6, 1968, approved sale by Duke Power Company to the Commission of Public Works of the City of Greenwood, certain electric distribution lines and equipment located in the City of Greenwood. Authorized Duke

Power Company to discontinue service to the customers served by such facilities when the Commission of Public Works commences to furnish electric service to such customers.

ORDER E-1,024 issued November 20, 1968, approved Carolina Power & Light Company's Supplement to Underground Installation Plan R-8 to be effective on December 11, 1968.

ORDER E-1,025 issued December 18, 1968, authorized Duke Power Company to issue \$100,000,000 principal amount of First and Refunding Mortgage Bonds _____% Series due 1999, with the selling price and the interest rate to be established through competitive bidding. Proceeds from the above will be used in construction program.

ORDER E-1,026 issued February 5, 1969 approved South Carolina Electric & Gas Company's "Sample Testing Plan" for the testing and calibration of single-phase watt-hour meters.

ORDER E-1,027 issued February 5, 1969, authorized South Carolina Electric & Gas Company to issue and sell approximately 410,800 shares of its \$4.50 par value Common Stock. Proceeds to be used in construction program.

ORDER E-1,028 issued February 26, 1969, approved Duke Power Company's Schedule RW, Third Revised Leaf No. 12; Schedule RA, Third Revised Leaf No. 14; Schedule W, Second Revised Leaf No. 21; and Schedule GA, Third Revised Leaf No. 22.

ORDER E-1,029 issued April 2, 1969, approved Carolina Power & Light Company's Street Lighting Service Schedule SL-4 (Residential Subdivisions), a new schedule, to become effective on May 1, 1969.

ORDER E-1,030 issued April 24, 1969, set a date of May 13, 1969, at 2:30 P. M., for hearing South Carolina Electric & Gas Company's petition for authority to sell certain electric facilities to the Medical College of South Carolina.

ORDER E-1,031 issued April 24, 1969, set a date of May 13, 1969, at 3:00 P. M., for hearing South Carolina Electric & Gas Company's petition for authority to sell certain distribution facilities to Mid-Carolina Electric Cooperatives, Inc.

ORDER E-1,032 issued May 8, 1969, authorized South Carolina Electric & Gas Company to issue \$1,609,000 principal amount of its First and Refunding Mortgage Bonds, 3% Series due 1980, for Sinking Fund Requirement.

ORDER E-1,033 issued May 8, 1969, authorized South Carolina Electric & Gas Company to issue and sell \$35,000,000 principal amount of its First and Refunding Mortgage Bonds _____% Series, due 1999, to a group of underwriters who in turn will offer the new Bonds publicly at an initial public offering price of not less than 98 1/2% nor more than 102% of the principal amount of the Bonds, and/or to institutional purchasers pursuant to delayed delivery contracts. Interest rate not exceeding 7 3/4% per annum. Proceeds from sale will be used in construction program.

ORDER E-1,034 issued May 13, 1969, approved South Carolina Electric & Gas Company's sale of certain electric substation facilities to the Medical College of South Carolina.

ORDER E-1,035 issued May 13, 1969, approved South Carolina Electric & Gas Company's sale of certain distribution facilities to Mid-Carolina Electric Cooperative, Inc.

ORDER E-1,036 issued May 13, 1969, approved Duke Power Company's Schedule T-2, Second Revised Leaf No. 25, Outdoor Lighting Service, and Schedule T-2X, Subdivision Entrance Lighting Service (Experimental) Revised May 7, 1969.

ORDER E-1,037 issued May 27, 1969, authorized Carolina Power & Light Company to issue and sell 1,000,000 additional shares of its Common Stock, without par value.

ORDER E-1,038 issued June 10, 1969, amended Order No. E-1,033, dated May 8, 1969, issued to South Carolina Electric & Gas Company by deleting the words "not exceeding 7 3/4% per annum" and substituting therefor the words "considered by Petitioner to be the most favorable rate obtainable on the date the bonds are priced."

ORDER E-1,039 issued June 18, 1969, approved Duke Power Company's Schedule T, Second Revised Leaf No. 27, Street Lighting Service.

NOTES:

*S. C. E. & G. Co. has a 6,000 KW portable gas-turbine driven generator available anywhere on system.

**Steam plant sold, and Hydro plant leased to Duke Power Company on July 1, 1966.

Half of Clark Hill capacity of 280,000 KW and half of Hartwell capacity of 264,000 KW allocated to preference customers in South Carolina.

RURAL ELECTRIFICATION

When the use of electric service for lighting and power was begun late in the last century, the first customers to make use of this new convenience were those concentrated in the larger cities and towns where a large number of customers who were near the generating stations, could be served with a minimum of lines and equipment. Those who lived a long way from the generating stations, and particularly those in rural areas could obtain service only at great expense, usually to themselves.

During the 1920's there was a great increase in the use of electric service throughout the United States and particularly in South Carolina where numerous small towns sold their electric generation and distribution properties to the privately-owned utilities who immediately began connecting these towns with high power transmission lines so as to provide more dependable service to consumers. At the same time, "country folks" near some of these transmission lines were provided service.

Although it was considerably more expensive to provide rural service, a large number of rural inhabitants secured electric service, sometimes building their own lines to connect with the urban distribution lines.

The Commission's Annual Report for the year ending December 31, 1932, indicated that eight of forty rural electric extensions investigated by the Division (which was organized and set up under an Act of General Assembly, approved by the Governor on April 8, 1932), had been constructed by the Electric Utilities involved, and these lines were built without formal Hearing or Order before the Commission.

During the 1933 session of the General Assembly, Act 275 was passed and signed by the Governor on April 29, 1933. Under this Act, the State Highway Department was instructed to construct and maintain an electrical system "to procure as far as practicable an abundant and cheap supply of electric light and power for use of the Department for traffic improvement and maintenance of the State system of highways and to obtain, as incidental thereto, and in connection therewith, service of light, heat and power for the industries and homes of the farmers of the State under the most economical conditions." The Electric Utilities Division of the Railroad Commission (name later

changed to the Public Service Commission) was instructed to assist in making surveys, estimates of costs, rate making, designs and other necessary matters. The Highway Department was also empowered to borrow not less than \$100,000 from the Reconstruction Finance Corporation, under the Federal "Emergency Relief and Construction Act of 1932" to carry out the purposes of the Rural Electrification System authorized by the General Assembly.

Major Arthur R. Wellwood was chosen to direct the project and hearings were held in September. Attendance at these hearings indicated the great interest of the people of South Carolina in rural electrification and fifty-three groups filed applications for service during the hearings. The Report filed by Major Wellwood and his assistants on December 15, 1933 covered 440 widely distributed line extensions to serve 16,839 potential customers.

The entire country was in the depths of the "Great Depression," and the federal government was making federal money available for a large number of "make work projects." Early in the fall of 1934, the Electrical Utilities Division and the Commission made application to the Federal Emergency Relief Administration for funds with which to make a "Rural Electrification" survey of South Carolina.

During January, 1935, Senator James F. Byrnes advised the Commission that funds had been allotted for the survey. This survey under the direction of the Electrical Utilities Division was begun on February 1, and by the middle of that month, information was being gathered from every county in South Carolina.

Construction standards were established and unit costs determined so that cost of each proposed rural line could be estimated. The survey also determined the amount of power probably to be used on each of the proposed lines. From this information, it could be determined whether the line could be justified and constructed.

After exhaustive study by the engineering and legal staff, it was determined that a separate organization, rather than the Electrical Utilities Division would have to be set up to handle the rural electrification of South Carolina, so that Public Works Administration money could be obtained.

With the help of Public Works Administration legal talent, a bill was drafted for submission to the South Carolina General Assembly.

This Act was approved by the Governor on March 14, 1935, and the State Rural Electrification Authority took over the task begun by the Electrical Utilities Division personnel.

The Rural Electrification Administration was created by Executive Order of the President on May 11, 1935. The Order, which was numbered 7037, was less than two pages long, and it granted powers to an REA Administrator to "initiate, formulate, administer, and supervise a program of approved projects with respect to the generation, transmission and distribution of electric energy in rural areas."

The Rural Electrification Act, signed by President Roosevelt on May 20, 1936 established REA as a lending agency and granted clear preference to non-profit organizations.

In 1937 the Rural Electric Administration drafted a model law for the states called the "Electric Cooperative Corporation Act" and by 1940 there were 23 states which had adopted legislation based on this model law. The Governor approved the South Carolina Rural Electric Cooperative Act on May 12, 1939.

As rural electric cooperatives were set up in South Carolina, the lines planned and constructed by the South Carolina Rural Electrification Authority were merged into plans and construction of the cooperatives and the South Carolina authority was released from its authority and responsibility for the construction and operation of rural lines in South Carolina.

The people of the United States were beginning to forget the great depression and were ready for the labor saving appliances that electric service could provide, and since people now could pay for electric service, every organization providing electric service in South Carolina began a crash program to build as many electric lines to serve as many customers as possible.

The Electric Utilities Division continued to make surveys of proposed rural electric line extensions and passed on to the utilities, the municipalities and the rural electric cooperatives such information as was collected so that on June 30, 1940 there were 10,493 miles of rural electric lines serving 54,905 customers.

During World War II the construction of rural lines was slowed down so that vital materials could be used in the War effort. As of June 30, 1945 there were 18,474 miles of line with 90,292 customers, a great many of the additional customers being connected to existing distribution lines with short service drops.

During the period 1945-1949 the material situation was much better and by June 30, 1949 there were 32,183 miles of rural electric distribution lines serving 180,719 rural customers of the REA financed cooperatives, the municipalities, the privately-owned utilities, Greenwood County Electric Power Commission and South Carolina Public Service Authority (Santee Cooper).

As of July 1, 1960 there were 48,529 miles of rural electric lines serving 302,967 customers—and a large number of customers who had been reported as “rural” in previous years were now in areas that had been annexed to towns and cities in South Carolina, and were not included in the figures showing rural customers as of July 1, 1960.

By the end of December 1960, the cooperatives in South Carolina were operating more than 34,000 miles of rural electric distribution lines to serve nearly 143,000 customers whose average monthly residential use had increased to about 291 kilowatt-hours per month, comparing very favorably with the national average annual residential electric use which was 3,790 Kwhrs, or about 316 Kwhrs, per month.

As of July 1, 1960 there were 48,529 miles of rural electric lines in South Carolina serving 319,096 customers, and many thousands of additional “sub-urban” customers were receiving the same reliable central station service enjoyed by the city customers.

As of December 31, 1966, the Annual Report of the Rural Electrification Borrowers indicates that the R.E.A. Cooperatives operate 36,878 miles of line in South Carolina to serve 170,558 consumers who paid \$20,236,720 for 992,900,000 kilowatt-hours. The Report further indicates that 151,975 residential consumers paid \$17,681,633 for 862,031,000 kilowatt-hours at an average rate of 2.051 cents per kilowatt-hour. The average annual use was 5,434 kilowatt-hours for which an average annual bill of \$111.45 was rendered.

The average Rural Electric Cooperatives residential consumer in South Carolina buys his electric service at an average rate of 2.051 cents per kilowatt-hour compared to 2.12 cents per kilowatt-hour paid by the average U. S. consumer. The average residential consumer on Rural Cooperatives lines in South Carolina used 453 kilowatt-hours per month during 1967. During 1968 the average residential customer served by the Cooperatives used an average of 577 Kwhrs. per month, and pays an average rate of 1.98 cents per Kwhr.

The average annual use of electric service by those living in rural areas of South Carolina is now very near the average annual use of electric service for domestic purposes throughout the entire United States. The average cost per kilowatt-hours of residential service in urban and rural areas of South Carolina is the same when it is furnished by the privately-owned utilities and this average of 1.800 cents per kilowatt-hour is well below the national average of 2.12 cents per kilowatt-hour.

The growth of rural electrification in South Carolina has been very rapid. There are now nearly half a million rural and suburban electric customers in South Carolina receiving central station service; that is, they are served by the same generating stations that serve the urban customers. It is believed that practically every rural and suburban home in South Carolina that desires electric service now has or can secure electric service. Of course there are isolated cases where several miles of line would be required to serve a single home far removed from other homes, or even a fishing shack on a river, and where the cost of providing service is greatly out of proportion to the use to be made of electric service.

The big job left to be done by those selling rural electric service is in connecting those customers living on present lines who for various reasons have not secured electric service and those new customers who build new homes adjacent to present lines and in increasing the capacity of present lines to take care of the greatly increased loads due to the use of more and more time-saving and money-saving convenient electric appliances.

The Commission and staff have always worked with all potential electric consumers and have helped thousands of them to secure central station electric service.

ACCOUNTING

During the past fiscal year, the accountants observed and studied the operating revenues and expenses of the privately-owned electrical utilities operating in South Carolina. Rate of return, capitalization ratios and cost of capital statements were prepared for the Commission's information. Conferences with the officials of these companies were held in connection with further financing their expansion program started a few years ago, and other accounting procedures. The demand for power is still increasing and through careful planning and financing the companies have kept pace with the industrialization of the territory in which they are operating. All financing and refinancing has to have the approval of the South Carolina Public Service Commission.

The following is a list of the various securities applied for and authority granted for the issuance thereof:

SOUTH CAROLINA ELECTRIC & GAS COMPANY, COLUMBIA, S. C.:

To issue and sell \$20,000,000 First and Refunding Mortgage Bonds, 6 1/2% Series due 1998, proceeds to be used in construction program.

To issue and sell 410,800 shares of its \$4.50 par value common stock, proceeds to be used in construction program.

To issue \$1,609,000 First and Refunding Mortgage Bonds, 3% Series due 1980, for Sinking Fund Requirements.

To issue and sell \$35,000,000 First and Refunding Mortgage Bonds, 8% Series due 1999, proceeds to be used in construction program.

DUKE POWER COMPANY CHARLOTTE, NORTH CAROLINA:

To issue and sell \$100,000,00 First and Refunding Mortgage Bonds, 7% Series due 1999, proceeds to be used in construction program.

CAROLINA POWER & LIGHT COMPANY, RALEIGH, NORTH CAROLINA:

To issue and sell \$40,000,000 First and Refunding Mortgage Bonds, 6 7/8% Series due 1998, proceeds to be used in construction program.

To issue and sell 1,000,000 shares of its Common Stock, without par value, proceeds to be used in construction program.

Duke Power Company was authorized to sell to the City of Greenwood for \$77,467.42 certain electric distribution lines and equipment located in the City of Greenwood. Also authorized Duke to sell to the City of Greenwood for \$73,740.46 certain electric distribution lines and equipment located in the City of Greenwood.

South Carolina Electric and Gas Company was authorized to sell to the Medical College of South Carolina for \$56,412.12 certain electric substation facilities located in the City of Charleston.

South Carolina Electric and Gas Company was authorized to sell to Mid-Carolina Electric Cooperatives, Inc., for \$668.00 certain distribution facilities located near the City of Columbia.

The companies having steadily increased the facilities to take care of the demand for power have steadily increased their operating revenues. The Gross Electric Revenue for the year ended December 31, 1968, were as follows:

<i>Utility</i>	<i>Gross Electric Revenues</i>
Carolina Power & Light Co., Raleigh, N. C.	\$ 27,956,959.53
Clinton Mills, Clinton, S. C.	82,209.76
Duke Power Co., Charlotte, N. C.	93,021,570.00
Heath Springs Light & Power Co., Heath Springs, S. C.	125,936.94
Kershaw Oil Mill, Kershaw, S. C.	250,379.06
Lockhart Power Company, Lockhart, S. C.	2,116,939.00
South Carolina Electric & Gas Co., Columbia, S. C.	80,788,532.00
The Electric Co., Fort Mill, S. C.	222,779.43
Total	\$204,565,305.72

While the gross revenues have increased, correspondingly materials, supplies and other operating costs have increased.

SOUTH CAROLINA ELECTRIC REVENUES (GROSS)

1936 to 1968 inclusive are as follows:

1936	\$ 17,250,968.99
1937	19,058,975.63
1938	18,632,174.46
1939	20,417,557.84
1940	22,044,952.35
1941	26,305,668.19
1942	27,119,766.54
1943	26,497,181.34
1944	27,299,547.24
1945	27,881,137.02
1946	29,518,589.39
1947	33,991,748.64
1948	39,879,846.08
1949	43,755,574.96
1950	49,143,039.09
1951	53,836,852.95
1952	62,604,729.68
1953	68,655,918.48
1954	77,978,518.07
1955	85,812,000.87
1956	96,880,149.96
1957	101,943,134.99
1958	107,873,936.17
1959	113,310,412.39
1960	118,083,813.76
1961	125,273,144.77
1962	135,495,234.10
1963	143,774,973.35
1964	145,610,278.77
1965	156,682,797.01
1966	170,648,254.87
1967	183,200,710.23
1968	204,565,305.72

State and local taxes paid during the year amounted to \$19,885,716.85.

Organizations Furnishing Retail Electric Service in Urban and Rural Areas of South Carolina as of June 30, 1969

Privately Owned Electric Companies	Managing Officer	Address
Carolina Power & Light Co.	Shearon Harris, Pres.	Raleigh, N. C.
Clinton Mills	W. C. Neely, Sec'y	Clinton, S. C.
Duke Power Co.	W. B. McGuire, Pres.	Charlotte, N. C.
Heath Springs Light & Power Co.	W. H. Bridges, Pres.	Heath Springs, S. C.
Kershaw Oil Mill	O. W. Knight, Mgr. Elec. Div.	Kershaw, S. C.
Lockhart Power Co.	W. F. Tribble, Asst. Treas.	Lockhart, S. C.
S. C. Elec. & Gas Co.	A. M. Williams, Jr., Pres.	Columbia, S. C.
The Electric Co.	J. W. McAlhaney, Mgr.	Fort Mill, S. C.

Rural Electric Cooperatives
